A

Abortion, therapeutic, psychiatric sequelae of, 417
Acetylcholine chloride, used in the treatment of phobic anxiety, 487
Adams, Henry B., 256
Adler, Emil, 181
Aggressive stimulation, subliminal, effects of, on thinking, 463
Alcohol, changes in auditory evoked response induced by, 152
Alcoholism, resistance of psychiatrists in treatment of, 220
Alloplastic tendencies, as related to ego-close *vs.* ego-distant patients, 333
Alternate way of grouping psychiatric diagnoses, 248
American Psychiatric Association's system of grouping psychiatric diagnoses, compared with alternate way, 248
Amphetamine effects on sustained attention, 267
Anderson, Luleen S., 207
Anemia, 68
Anomalies, gender-identity, sex of first choice in, 157
Anticholinergic drug-induced delirium: Experimental modification, quantitative EEG and behavioral correlations, 492
Anxiety, infantile separation, some aspects of mother-child relationship pertaining to, 426
Anxiety, phobic, and its treatment, 484
Anxiety under total curarization: Implications for the role of muscular relaxation in the desensitization of neurotic fears, 443
Appenzeller, Otto, 190
Approach to the study of dreaming and changes in psychopathological states, 399
Arkin, Arthur M., 101
Asratian, Ezras A., 285
Association of a quantitative cytochemical variable, Barr Body Score, with length of confinement in state mental hospitals, 449
Astasia abasia, 41
Astrup, Christian, 438
Auditory apperceptive reactions to the tautophone by schizophrenic and normal subjects, 1
Auditory evoked response, changes in, induced by alcohol, 152
Autism, early infantile, 55
Autokinetic test, as a basis for predicting patient's response to treatment, 324
Averaged evoked responses (AERs), used to distinguish between schizophrenic and nonschizophrenic patients, 80
Awareness of research on the part of the patient, 201
Axial rigidity of neck and trunk, 47

B

Barbiturate effects on sustained attention, 267
Barr Body Score, as associated with length of confinement in state mental hospitals, 449
Basic Neurology (book review), 286
Begleiter, Henri, 152
Behavior, disturbed, and geomagnetic fluctuations, 140
Behavior patterns, sound film analysis of normal and pathological, 338
Bell's phenomenon, 48
Bender Gestalt test
  as a predictor of minimal neurologic deficit in children eight to ten years of age, 275
  relative diagnostic power of, 278
Bengzon, A., 369
Benjamin, John, longitudinal study of personality development designed by, 426
Beritoff, Ivan S., 454
Biochemistry and the Central Nervous System (book review), 516
Biology of Neuroglia (book review), 379
Body motion characteristics, 343
Book reviews, 95, 195, 284, 377, 454, 513
Brady, John Paul, 28
Brain damage
  behavior of brain-damaged children, 63
  influence of the central nervous system on the triple response of Lewis, 190
  intellectual functioning in hemiplegic patients after cerebrovascular accidents, 181
  lesions, effect of, on flare responses, 192
  prediction of minimal brain damage, in children, by Bender Gestalt test, 275
Brainstem, pathological laughing and/or crying as a sign of occurrence or recurrence of a tumor lying beneath the, 508
Brotzman, Eveline, 171

C

Callaway, Enoch, 80
Cantu, Robert C., 508
Cardiac surgery patients, postoperative behavior reactions among, 363
Carrea, R., 379
Central nervous system, the influence of, on the triple response of Lewis, 190
Cerebral Function in Infancy and Childhood (book review), 196
Cerebrovascular accidents, intellectual functioning in hemiplegic patients after, 181

Champagne, Emily, 207
Change, personality, and sensory deprivation, 256
Childhood, psychotic reactions of, in a mental retardation pilot project, 55
Children eight to ten years of age, Bender Gestalt test as a predictor of minimal neurologic deficit in, 275
Chlorpromazine, effect of clinical dosages of, on primaquine-sensitive Negro mental patients, 68
Cigarette smoking, generalized response-set and social desirability, 215
Cigarette smoking in men, as related to orality and impulsivity, 207
Cinematographic techniques for the study of human behavior, 338
Cognition and Thought (book review), 195
Cohen, Margalith, 181
College undergraduates, epidemiology of emotional disturbance among, 348
Communication and Community (book review), 518
Comparative ability of normal and chronic schizophrenic subjects to attend to competing voice messages, 16
Comparison of the dreams of four groups of hospitalized mental patients with each other and with a normal population, 135
Compensatory Adaptations, Reflex Activity and the Brain (book review), 285
Condon. W. S., 338
Consciousness, the context of, 291
Consciousness, recognizable stages of, 293
Continuous visual search, the effects of drugs and familiarity on, 266
Cooper, G. David, 256
Covi, Lino, 199
Cromwell, Rue L., 252
Crying, pathological, as a sign of occurrence or recurrence of a tumor lying beneath the brainstem, 508
Curare conditioning studies, 444
Curarization, total, anxiety under, 443
Cybele complex, 167
Cytochemical variable (Barr Body Score), as associated with length of confinement in state mental hospitals, 449

D

Dalrymple, Sarah, 171
Dark-reared kittens, rapid eye movements during sleep in, 281
Davidson, Henry A., 98
Davis, Dan, 252
Davison, Gerald C., 443

De Robertis, E. D. P., 379
Desensitization of neurotic fears, the role of muscular relaxation in, 443
Devereux, George, 318
Diagnoses, psychiatric, an alternate way of grouping, 248
Disturbance, emotional, epidemiology of, among college undergraduates, 348
Disturbed behavior and geomagnetic fluctuations, 140
Doctor-nurse relationships, an experimental study in, 171
Doll's eyes phenomenon, 48, 49, 51
Drabkin's method, 68
Drawing, human figure, 157
Dreaming
  approach to the study of, 399
  comparison of the dreams of hospitalized mental patients with each other and with a normal population, 135
  content, changes in, with increasing deprivation of dreaming sleep, 311
  deprivation of and mental illness, 124
  deprivation of and psychological effects, 305
  hypnotically induced, rapid eye movements in, 28
  menstrual cycle and, 406
  neurophysiology of, 126
Drowsy states, 291
Drug-induced, anticholinergic, delirium, 492
Drugs—also see specific drug name
  changes in the serum during treatment with, 369
  effects of, on ability of schizophrenic patients to attend to competing voice messages, 16
  effects of, on performance in continuous visual search, 266
  influence of, on secretion of gonadotropin, 43
  psychotropic, some changes in the serum during treatment with, 369
Dysarthria, 47

E

Eaton, Louise, 55
ECT—see electroconvulsive therapy
Editorial note, 462
Effeminate juveniles and human figure drawing, 158

Ego, temporal, transference and screen memory, 318
Ego-closeness—ego-distance, in relation to the psychotherapy process, 324
Electroconvulsive therapy
effect of, on the sleep-dream cycle in a psychotic depression, 123
neuromuscular effects of, 73
Electroencephalographic patterns during hypnotically induced dreams, 29, 31
